To Whom It May Concern:

As of July 25, 2010 Richard Langdell no longer operates Langdell Paper. We celebrate his 20 years in the papermaking business. Mr. Richard Langdell has created and sold many beautiful handmade papers and we wish him the best in his future endeavors.

The Langdell Paper product you have come to know and love will still be available. It is with excitement we inform you of the beginning of Maple Street Paper Company LLC. Maple Street Paper Co. has taken over the production, rights and sales of the Langdell Paper repertoire. Along with these papers, Maple Street Paper Co. plans on developing new lines of paper that will compliment the existing lines.

Maple Street Paper Co. is named for the street where sisters and owners Whitney Korstange and Hilary Smith grew up. It was on Maple Street they tried their first batch of blender made paper. Whitney Korstange is an artist and papermaker; as a trained printmaker she understands the need for quality and a consistent run of papers. Hilary Smith will manage the business end. Both ladies look forward to doing business with you.

The mill has been moved from Vermont to Michigan and will open for business on Monday, August 16, 2010. During the interim orders may be placed, but may have delayed shipping. Maple Street Paper Co. is located at 701 W. Main Street #5, Fremont, MI, 49412. You will be able to reach us at 231-924-4577, on the web at maplestreetpaper.com or can be redirected from the Langdell Paper site, www.langdellpaper.com.

We hope to hear from you soon.

Sincerely,

Whitney Korstange

Hilary Smith
